Kitchen and Bathroom trends are always evolving and there are several that capture our attention with their innovative design, technology and charm.

With that statement in mind, I am very excited to share Volume 1 of Inspire Magazine by BGS and so thankful to work with such a talented and diverse team that shared their favorite trends, styles and incredible imagery. It is with great excitement and through collaboration with our valued supplier partners and fabulous showroom consultants, we have created a magazine that I hope will inspire ideas for your projects.

STAFF PICKS FAVOURITE *Design* TRENDS IN 2025

We asked our showroom consultants for design trends they're looking forward to seeing in 2025. Check out what sparks joy and inspires them!

Glenda **Edmonton**

"A mix of biophilic design & maximalism design."

"With biophilic design, incorporating nature into spaces with plants, natural materials, and lots of light creates a calming atmosphere. Then with maximalism, bold patterns, vibrant colors, and eclectic decor create lively and expressive environments. The mix of the two creates both calm and excitement."

Hayley **Kelowna**

"I'm a big fan of simple serenity."

"Bright and monochromatic color palette with minimal pattern noise, emphasizing texture and use of space to create a flowing, calming visual. Faucets now coming in soft brushed golds and whites bring that brightness and sunshine into the space. Accompany these with earth tones found in stone and composite collections for basins, shower bases, wall panels and bath tubs, and you have a very organic grounding design."

Medy Calgary

"Sleek & chic interiors."

Jacqueline Calgary

"Earthy tones, mid-century modern, & pops of colour."

Molly Nanaimo

"Super moody and dark paint."

"My favourite design trend is the super moody and dark paint and accent walls I'm seeing everywhere! As a matter of fact I have started a design project in my own home with built in shelving and a moody teal/green. So excited to get started."

Nicola Red Deer

"Dual finishes on fixtures is my fave!"

STAFF PICKS

FAVOURITE *Design* TRENDS IN 2025

We asked our showroom consultants for design trends they're looking forward to seeing in 2025. Check out what sparks joy and inspires them!

Carmen Port Coquitlam

"Natural elements, bold patterns and colours, and smart technology."

- **Natural Elements:** incorporating materials like wood, stone and plants to create a calming, spa-like atmosphere
- **Dual Shower Heads:** luxurious shower experience with multiple water flow options
- **Open Shower Spaces:** barrier-free doorless showers are becoming more popular for their sleek look and accessibility
- **Bold Patterns and Colors:** Using vibrant tiles and bold patterns to add personality and style to the bathroom
- **Smart Technology:** integrating smart mirrors, touchless faucets, and shower controls for convenience and efficiency

Jason Saanich

"Brushed gold or bronze fixtures."

"Brushed gold or brushed bronze fixtures add warmth to a room and provide a touch of elegance and luxury. With a variety of hues and fixture choices in most budget ranges, anyone can add this trend to their space whether your style is modern or traditional."

KINTSU Kitchen Collection by Brizo

STAFF PICKS

FAVOURITE Kitchen FAUCET

Our showroom consultants are intimately familiar with our products, so we asked about their favourite kitchen items!

Hayley Kelowna

"Gerber Kinzie Pre-Rinse Kitchen Faucet."

"Gerber Kinzie Pre-Rinse Kitchen Faucet D455237BB. I have this model in my own home, and love the maneuverability for filling watering cans, rinsing my sink, and single hand operation capability. It has a very "Modern Farmhouse" feel to it that can transition between industrial to traditional depending on the design scheme it accompanies and the finish you choose it in. Plus it has a fantastic price point!"

Nicola Red Deer

"The Vogt Carinthia KF.11CA.2X01."

Molly Nanaimo

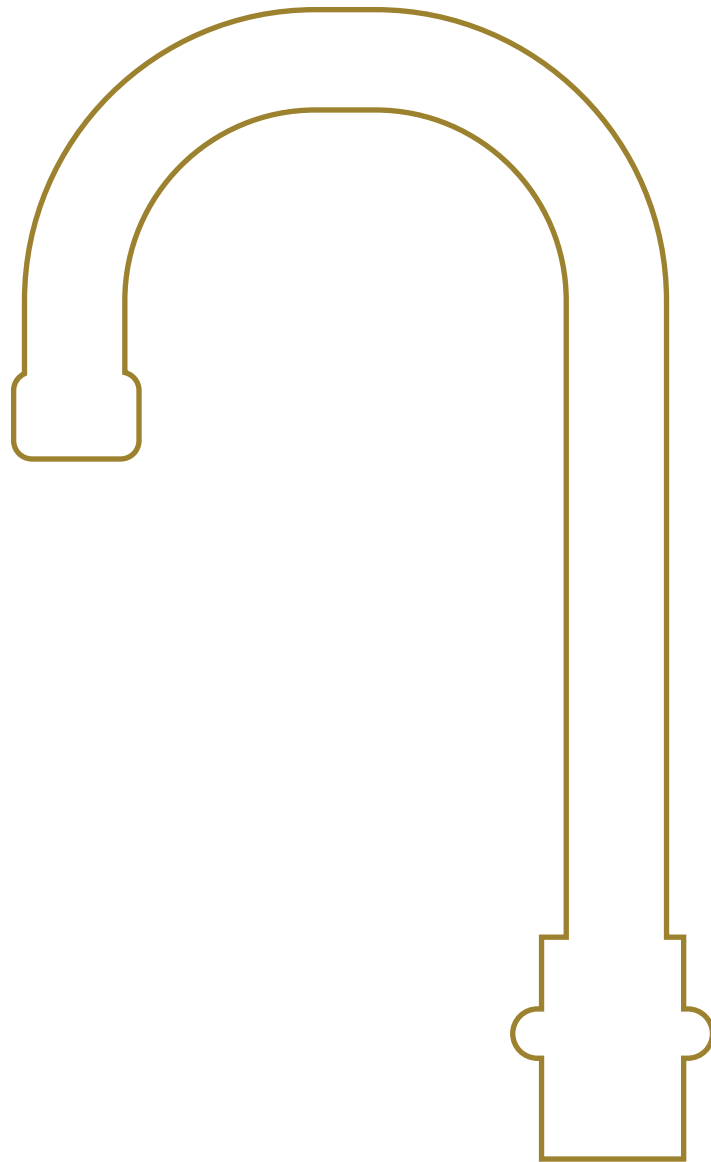

"The Delta Essa 9113-DST and Moen Sleek 7864 Kitchen Faucets."

"I still have to clean my own kitchen and bath, so I am a fan of very simple, sleek and easy to clean. The less nooks and crannies the better. I am typically a Chrome girl, always looks bright, and never goes out of style. With the exception of Delta/Brizo Champagne Bronze just the right tone of gold/brass for me!"

Mody Calgary

"Tenzo Bellacio-F Kitchen Faucet BE131-F-MB-BG."

KITCHEN

faucets

Your kitchen faucet should be considered the necessary accessory to your kitchen design.

STAFF PICKS

FAVOURITE Kitchen FAUCET

Our showroom consultants are intimately familiar with our products, so we asked about their favourite kitchen items!

Jacqueline *Calgary*

"The Brizo Tulham 63058LF-GLPG."

Tracey *Kelowna*

"Brizo & Delta Kitchen faucets with magnetic docking."

"The magnetic docking is one of my favorite things about them. The sprayer is always where it's supposed to be! 9159-DST"

Glenda *Edmonton*

"A Baril ARTE kitchen faucet."

"My most favorite kitchen item is the Baril ARTE High single-hole kitchen faucet with 2-function pull down spray CUI-9335-02L-GG."

Carmen *Port Coquitlam*

"The Blanco Empressa Semi Pro 442982 with a satin gold finish."

THOUGHTFUL DESIGN

STUDIO S *collection*

Thoughtful design makes all the difference in the presence and performance of the Studio S Kitchen Faucets from American Standard. Contemporary cylinder profile is the ideal height for smaller sink areas while providing ample clearance for filling pots with ease. Studio S is engineered to ensure drip-free performance and add distinction to your kitchen design.

THE FUTURE IS FILTERED

CATRIS FLEXO *filter*

Add filtration to the sink station with BLANCO's filters, beverage faucets and the CATRIS Flexo Filter kitchen faucet. Pair a filter-ready faucet with one of BLANCO's filters to ensure fresh, better tasting water by removing over 50 contaminants while preserving essential minerals. The Soft L Filter softens hard water and reduces limescale, while the Microplastic S Filter eliminates microplastics.

Soft L Filter Starter Set 443274
Microplastic S Starter Set 443275

BLANCO

A MASTERPIECE OF DESIGN AND FUNCTION

The BLANCO CULINA II semi-pro model is more than just a faucet - it is a statement piece. Designed with a sleek, contemporary aesthetic, it features a high-arc spout with triple coil protection and magnetic docking system to connect back to the semi-pro arm.

Solid brass construction ensures durability, while the variety of trending finishes provides a sophisticated look that complements any kitchen décor. The full BLANCO CULINA II suite includes two semi-pro sizes, a beverage faucet and pot filler in six finishes, plus user-friendly sensor technology in Chrome & PVD Steel.

FAVOURITE *Kitchen* SINK

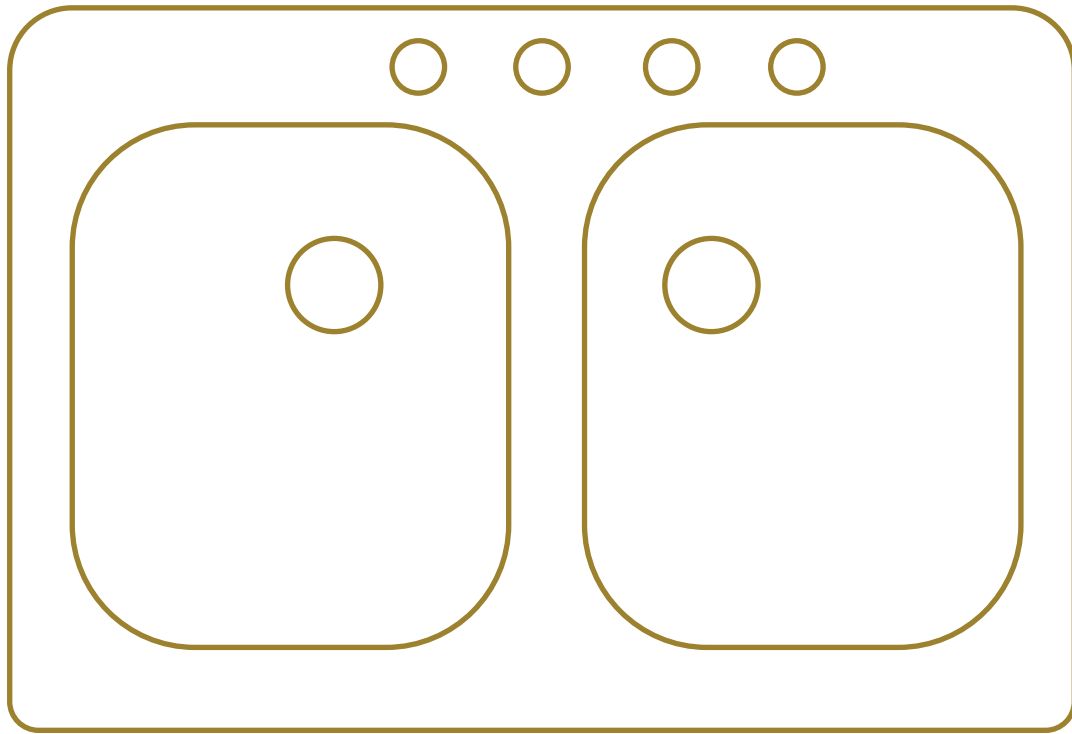

Our showroom consultants are intimately familiar with our products, so we asked about their favourite kitchen items!

Jason *Saanich*

"A large single bowl sink with a side drain."

"There are so many great choices, but my favorite kitchen item has got to be a large single bowl sink with a side drain like the Blanco Diamond U Super Single in Coal Black 402625. I love how the colour accents the room and the versatility of the huge bowl and side drain combination. This sink also comes in other colours to compliment any decor."

KITCHEN

sinks

Not only are kitchen sinks functional, but they can also be a stylish focal point of your kitchen design.

SPACIOUS CLEAN LINES

ENHANCE YOUR Bathroom

There are plenty of methods to enhance your bathroom by integrating smart technologies. We have BGS consultant Carmen sharing her tips and tricks with you!

Carmen Port Coquitlam

Incorporating smart technology into your bathroom can enhance convenience, efficiency, and luxury. Here are some popular smart bathroom technologies to consider:

- **Smart Mirrors (Interactive LED Mirrors):** These mirrors can display weather updates, news, and calendar events.
- **Voice-Activated Fixtures (Faucets and Showers):** Control water flow and temperature with voice commands.
- **Smart Showers:** Set your preferred water temperature and flow rate with digital shower controls. Preset profiles are personalized shower profiles for different family members.
- **Heated Elements:** Heated towel warmers to be programmed to warm your towels at specific times.
- **Heated Floors:** Under floor heating to ensure your bathroom floor is always warm.
- **Water-Saving Technology:** Smart faucets & leak detection sensors can alert you immediately preventing water damage.
- **Touchless Fixtures and Soap Dispensers:** These reduce the spread of germs with their touchless technology.

By integrating these smart technologies, you can create a modern, efficient, and luxurious bathroom that caters to your needs and enhances your daily routine.

FAVOURITE Bath SINK

Our showroom consultants are intimately familiar with our products, so we asked about their favourite bath items!

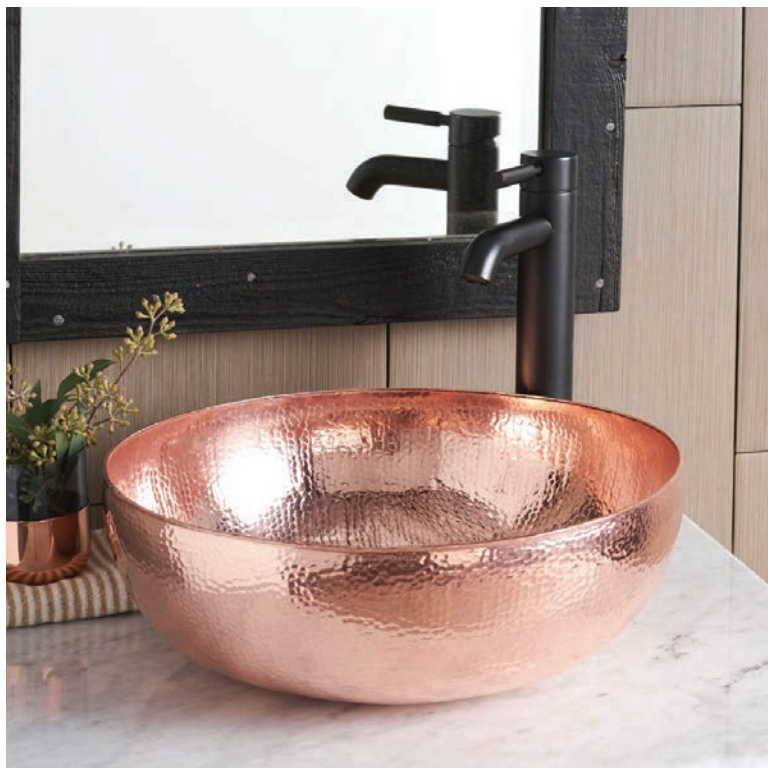

Glenda *Edmonton*

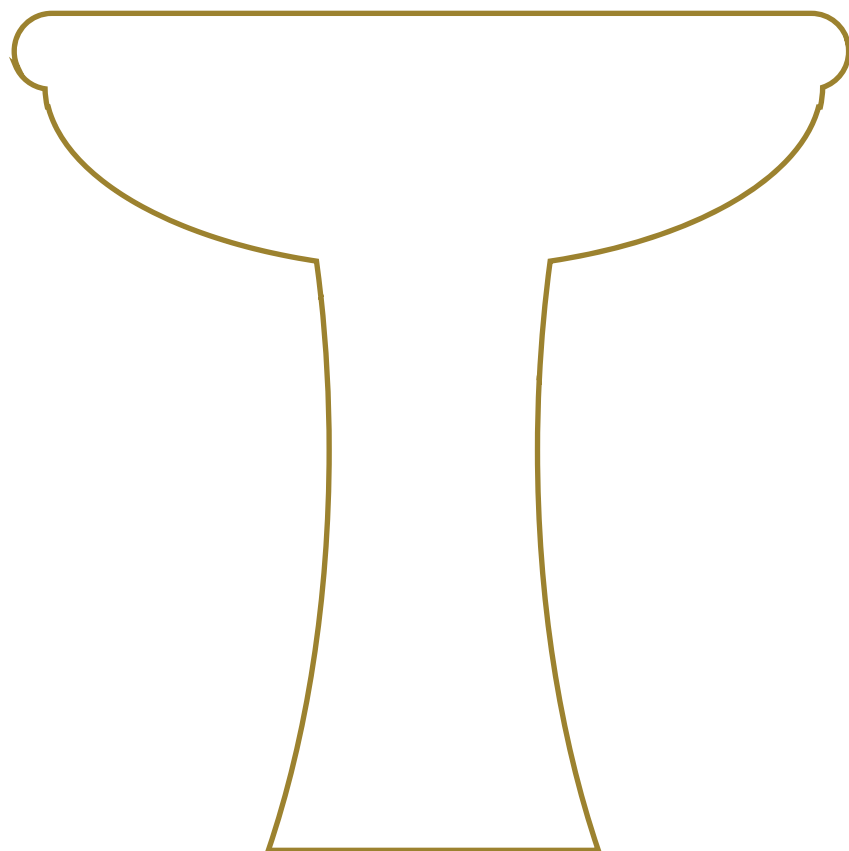

"The Native Trails Maestro Sink."

"My most favorite bath item is the Native Trails Maestro Round sink in polished copper CPS463."

From the acclaimed Maestro Collection, Maestro Round vessel sink highlights the pinnacle of artisan crafted copper. Marvel at its unique hand-made texture, wrought from an estimated 30,000 strikes of the hammer! Maestro Round is also earth-friendly, forged of high-quality recycled copper.

Available in 5 unique finishes including: Antique Copper, Brushed Nickel, Tempered Copper, Polished Copper, and Polished Nickel.

BATH

sinks & vanities

Having the perfect sink and vanity helps bring your bath design together, acting as a centerpiece that breathes life into your bathroom.

INNOVATIVE & HEART-WARMING

ILBAGNOALESSI *collection*

Since 1892 the Swiss manufacturer LAUFEN enables bathroom experiences for body and soul. With its vision of the bathroom as a living environment, everything at LAUFEN, from the ceramic fixtures and faucets to the bathtubs, furniture, mirrors, accessories, and even the installation systems and hidden features, is innovative, heart-warming and radiates a unique aesthetic appeal.

LAUFEN is introducing the re-emergence of the iconic ILBAGNOALESSI, the award-winning design ensemble created by Stefano Giovannoni that has become a true classic of bathroom design. Now, 20 years after its original creation, the Italian designer has again taken the iconic collection into his hands and gently reshaped it, while maintaining the original light, slender shapes and its characteristic touch of eccentricity.

Giovannoni's upgrade to this collection includes the use of the exclusive SaphirKeramik, the revolutionary ceramic material patented by LAUFEN, to create new, lighter and thinner shapes.

WHERE ELEGANCE MEETS INNOVATION

Muraluxe redefines interior design with its premium aluminum architectural panels, combining elegance, durability, and customization. Made from high-quality 3mm aluminum composite, these panels feature stunning, digitally printed images and are designed for environments exposed to water, soap, and moisture.

Thanks to their grout-free design, Muraluxe panels are easy to clean and maintain, ensuring they retain their beauty for years to come.

Select Collection Minerals-554

TAILORED CUSTOMIZATION

One of Muraluxe's standout features is its dedication to customization. If you can't find the exact image or design you're looking for, the Tailor-Made Collection offers a bespoke solution. The process starts with a consultation, during which the team gathers essential details like room dimensions, color schemes, and design inspirations. From there, Muraluxe creates a panel that perfectly reflects your style and personality, resulting in a completely unique, one-of-a-kind piece.

Muraluxe combines cutting-edge technology, high-quality materials, and personalized design to offer an unmatched experience in architectural panels. Whether you're seeking a luxurious upgrade or a practical, stylish solution, Muraluxe's innovative products will elevate your space. Discover their full range of collections at muraluxe.ca and explore how their panels can transform your interiors into a reflection of your unique vision.

BRINGING Wellness INTO your SPACES

Our showroom consultants were invited to share their tips on bringing more wellness into your spaces.

Hayley Kelowna

"Light therapy, aroma therapy, & sound therapy."

"Many products offer additional extra-sensory experience into their collections from Light Therapy introduced through a cascading rainhead, to Aroma Therapy introduced through your freestanding bath tub or showerhead, to Sound Therapy introduced into your Steam Shower. Any of these features will enhance your personal space creating a wellness retreat in your own home."

Tracey Kelowna

"A relaxing meditative steam with Thermasol chromatherapy and sounds."

Jacqueline Calgary

"Fitness challenges, encouragement to take breaks & soak up some sun, ergonomic chairs and desks."

Molly Nanaimo

"I like to work on bringing some of the outside in with succulents."

"If we are talking about living spaces: I don't know about you, but when the season starts to change and we close up our doors and windows, I like to work on bringing some of the outside in. Keeping the green going as long as possible, with pretty lush green. It has been much easier with the popularity of succulents. Works as a great air filtration system. In the workspace, we currently have a super-duper water filtration system in our working kitchen and the drinking water that comes out is fantastic and I feel like this improves all of our wellness."

Carmen Port Coquitlam

"Decluttering countertops, organizing cabinets, maximize storage, and a spa-like atmosphere."

Kitchen

Implementing these tips can help create a more organized, efficient, and wellness-focused space.

- **Declutter Countertops:** Keep only essential items on your countertops to create a clean, open space. Create a functional workspace with integrated inner ledge sink holding accessories like dishracks, colanders, & cutting boards.
- **Organize Cabinets:** Group similar items together and use clear containers to store dry goods.

Bathroom

- **Declutter Vanity and Cabinets:** Remove expired or unused products to free up space. If it's older than your high school diploma, it's probably time to let it go!
- **Maximize Storage:** Install shelves or cabinets above the toilet or under the sink. Think of it as giving your bathroom a little extra elbow room—because even your shampoo needs personal space
- **Water-Saving Tips:** Install a low-flow showerhead to reduce water usage. Save water and still feel like you're under a waterfall—just a slightly less aggressive one.
- **Create a Spa-Like Atmosphere:** Add plants to improve air quality and create a calming environment. Because nothing says "relaxation" like a mini jungle next to your toothbrush!

Nicola Red Deer

"Bathing in a BainUltra® air tub for absolute relaxation."

Jason Saanich

"Aroma therapy & essential oils used with diffusers for a spa-like experience."

"My favorite way to bring wellness into any space is through Aroma Therapy. Essential oil can be used with diffusers in any room to enhance calming or even boost energy. There are also several bathroom products such as steam showers, jetted tubs and special shower heads that make use of integrated diffusers to enhance the effects of the therapy to make your bathroom a Spa like experience."

BRINGING Wellness INTO your SPACES

Our showroom consultants were invited to share their tips on bringing more wellness into your spaces.

Glenda *Edmonton*

"Nature, colour palettes, decluttering, mindful designs, and scents."

Creating areas in your home dedicated to wellness, relaxation and mindfulness can be simple and can transport you from the hustle and bustle of daily life even if just for an hour.

These spaces can be a cozy candle lit ensuite, a reading nook, a serene meditation corner, or a quiet garden spot. Each are equally beneficial for mental and emotional well-being. They provide a refuge for you to pause, reflect, and reconnect with yourself. It's purpose is about creating a space that nurtures your soul, offers a peaceful retreat to breathe, meditate, or simply be in the moment. Bringing more wellness into your spaces can have a profound impact on your overall well-being.

There are many ways you can achieve wellness in your space simply by incorporating different elements. Here are a few elements you can incorporate.

1. Nature: You can start with adding nature to your space with indoor plants. Simply adding indoor plants will improve air quality and create a calming atmosphere. Lighting can also enhance mood. Focus on the areas with natural light. Maximize natural light by opening curtains or using light-colored blinds. If possible, position workspaces near windows.

2. Color Palette in Your Spaces: Choose calming colors that promote tranquility, such as soft blues, greens, or neutral tones. These can help reduce stress and enhance focus.

3. Decluttering is Very Beneficial: Clear out unnecessary items to create a more spacious and organized environment. A tidy space can reduce anxiety and improve mental clarity.

4. Mindful Designs (Furniture Arrangement): Arrange furniture to encourage conversation and connection. Consider cozy seating areas that invite relaxation.

5. Comfortable Textiles: Use soft fabrics like cotton or linen for cushions, rugs, and throws to create a welcoming atmosphere.

6. Incorporate Scent: Use essential oils, candles, or incense with calming scents like lavender, eucalyptus, or citrus to promote relaxation and uplift mood.

By making small changes in your surroundings, you can cultivate a more peaceful, balanced, and restorative environment. It's all about finding what resonates with you!
